

UAS Integration • C-UAS Sensing • NDAA-Compliant Procurement • Federal Procurement Advisory • ISR &amp; Perimeter Awareness • Aerial Data Services

## What We Do For The Government

Heightened Senses provides federal, defense, and public safety agencies with NDAA-compliant UAS platforms, Counter-UAS sensing systems, and aerial data services, integrated and fielded by operators with real intelligence and mission backgrounds.

### Government Need: *NDAA-Compliant UAS Procurement Before the April 2027 Deadline*

#### How We Meet It

We source and integrate Blue UAS-cleared, NDAA-compliant platforms, including the Red Cat Black Widow, Trichon, and FANG FPV systems, and manage the full procurement and transition process for agencies moving off prohibited technology.

#### Why We Can Deliver

Authorized Red Cat Holdings reseller. NDAA-compliant supply chain across airframes, avionics, power, and communications. SBA-certified SDVOSB with active SAM registration.

### Government Need: *Persistent Situational Awareness Without Stood-Up Programs*

#### How We Meet It

We deploy integrated UAS and C-UAS sensing packages: aerial ISR, EO/IR payloads, radar, and secure mesh communications as ready-to-operate mission packages for law enforcement, tribal authorities, corrections, and critical infrastructure operators.

#### Why We Can Deliver

Founded by a USMC CI/HUMINT GySgt. We build and operate these systems. Authorized MatrixSpace C-UAS radar and Doodle Labs mesh radio reseller.

### Government Need: *Recurring Aerial Inspection and Infrastructure Data Deliverables*

#### How We Meet It

We provide FAA Part 107 aerial data collection, photogrammetry, orthomosaic mapping, and digital twin generation as recurring contracted services for utilities, pipelines, transportation assets, and federal facilities.

#### Why We Can Deliver

FAA Part 107 certified. Registered on the Disaster Response Registry. NAICS 541715 and 541330 qualified. Veteran-trained operators through the Vets to Drones pipeline.

## Authorized Reseller Relationships — NDAA-Compliant Supply Chain

### Red Cat Holdings

Black Widow tactical ISR, Trichon hybrid VTOL, FANG FPV systems. Blue UAS Cleared. Army Program of Record.

### MatrixSpace

Compact radar for airspace awareness and C-UAS detection. FEMA Grant Advisory. Perimeter Security Integration.

### ARK Electronics / Bren-Tronics / Doodle Labs

NDAA avionics, military power systems, secure mesh radio. Existing DoD suppliers. ATAK Ecosystem. Blue UAS Integrated.

## Primary NAICS Codes

336411	Aircraft Manufacturing
334511	Detection Systems
425120	Electronic Markets / Agents & Brokers
541330	Engineering Services
541715	R&D Engineering
541690	Tech Consulting

## PSC Codes

1550	Unmanned Aircraft
6350	Security Detection
R425	Engineering Services
1680	Aircraft Accessories

## Set-Aside Status

SDVOSB (SBA Certified) | VOSB | Small Business | FAR 19.14 Eligible
